

Helping Children Flourish and Strengthening Families

We are seeking a play therapist with tertiary level qualifications (grad dip or higher) in Play Therapy. Your primary modality of working therapeutically with children will be humanistic/child centered. In addition to your play therapy certification, you must hold a mental health qualification such as psychology, social work, counselling, art therapy, mental health nursing or occupational therapy to join our busy hub in the north of Melbourne, Preston. There will also be future opportunities to work from our second location in the west of Melbourne in 2021.

By joining our team, you will have the opportunity to grow your practice and your name with the support of a skilled, caring and dynamic team of practitioners.

Other great benefits that come with being a member of the Hub include

-  Referral support & management
-  Fully equipped clinic playroom, eft pos/HICAPS facility and office
-  Competitive hourly rate
-  Autonomy and flexible working
-  Group supervision
-  In house professional development and team meetings
-  Private practice mentoring support
-  Social media marketing and advertising
-  Creation and co-facilitation of professional development and group program opportunities

We have half day and full day work opportunities available. You must have an ABN and relevant insurances, be eligible for membership with APTA or APPTA and be receiving external supervision.

To enquire or would like to know more, please contact Helen Barrett at info@playtherapyhub.com or 0426 826 627. To know more about our service, philosophy and team, go to www.playtherapyhub.com
